

2022 King and Queen of the Mountains:

After an enforced break of 2 years due to the pandemic we had hoped to bring you another keenly contested hill climb as part of the Sportive Kinross. We had hoped to be able to crown a new KoM and QoM for 2022.

Gremlins within one of the timing boxes unfortunately had other ideas and a number of chips failed to record a valid time stamp at the top of the climb. The number of timing failures was significant enough for us to declare this informal competition void for 2022. Where a valid time is recorded for the hill climb this is shown in the results. If you have no hill climb time, we most sincerely apologise for this omission. Our timing crew at Finishline also apologise for this and after investigation have concluded that one of the timing boxes was faulty. They have assured us that a revised timing strategy will be put in place at future events.
